5740

THE FARBRENGEN

LEVI FREIDIN VIA JEM 193219

This is one of the final times that the Rebbe held his usual Shabbos farbrengen on Motzei Shabbos, following the events of Shemini Atzeres 5738* (when the Rebbe had a heart attack). The Rebbe recites the *maamar* on the *possuk* וירח הו' את ריח הניחוח. While reciting this *maamar*, the Rebbe cries about the *mesiras nefesh* of Yidden in *galus*, presumably referring to the recent murder of an elder Chossid in Crown Heights.
