CHILDREN'S RALLY

Chanukah 5743*

The Rebbe davens Mincha with the children followed by *hadlakas neiros*.

After the recital of the 12 *pesukim*, the Rebbe delivered three *sichos*, the third one partially in Russian, to be conveyed to children behind the Iron Curtain, speaking about Tzivos Hashem, every child having a letter in the children's Sefer Torah, and tzedakah.

The Rebbe gives coins to the *madrichim* and teachers to be distributed to every child. Each child received three coins, two for tzedakah and one for themselves.

The Rebbe gives stacks of dollars to the *tankisten* to distribute to all present and instructs them not to save any for those that aren't present but to return all extras to *mazikrus*.
