WHERE IS THE TZADDIK?

An individual wrote to the Rebbe that he walked into a shul and asked one of the people there, "Where can I find a tzaddik?" The person told him that he is not a regular in this shul, and he is therefore not qualified to answer this question.

After having this experience, this individual asks the Rebbe—what is the meaning of this episode?

The Rebbe circled the words "the meaning" and added:

1. Teshura Avtzon - Simpson 5765
